What is an Assertive Community Treatment Team?

The ACT team is a full support service model incorporating case management and treatment for adults with serious and persistent mental illness.

ACT services are for those persons who have a history of not responding

to traditional outpatient treatment and who have failed to link up to other appropriate services.

ACT services merge clinical, rehabilitative and support staff expertise within one service delivery team that enables the individual to develop the ability to access and use other needed community services.

What Types of Services Does ACT Provide?

The ACT is responsible for the over-seeing all aspects of a consumer's treatment.

These services include:

- Psychiatric
- Medication Management
- Crisis Intervention
- Activities of Daily Life
- Individual Therapy
- Case management
- Vocational/Educational Services
- Housing/Finances
- Drug & Alcohol Support Services

What are the Benefits of ACT?

The ACT Team is designed to help consumers:

- Develop a treatment plan that reflects personal needs and goals
- Remain in the community of his/her choice
- Receive professional psychiatric evaluation and counseling.
- Achieve vocational and educational goals
- Improve overall quality of life by providing team originated treatment planning and support 24 hours per day & 7 days per week.
